Problem Set 10

Mieon Seong

Due by Apr 16th, 2024

*** I got some advice to solve PS 10 from Jaeseok.**

Question 9-1 : the best value of lambda

	Logit model	Tree model	Neural network model	kNN	SVM
Estimate	0.852	0.859	0.859	0.859	0.859

Question 9-2 : The tuning parameters for each of the Algorithms takes too long time to run. So, I could not write it..
